Denplan, the UK's leading dental payment plan specialist, is celebrating another successful award win, after winning 'Best Dental Benefits Provider' for the seventh consecutive year at the 2016 Health Insurance Awards.

#

Held on Thursday 13 October at London's Grosvenor House Hotel, the Health Insurance Awards gathered together around 900 industry leaders in the health insurance and protection industry to recognise the achievements of exceptional individuals, providers, and intermediaries across a range of categories.

At the glamorous black tie event, guests celebrated the best achievements in the industry and were treated to a champagne reception and three course meal. They were entertained throughout the evening by popular prime-time TV presenter Stephen Mulhearn.

Head of Corporate at Denplan, Pam Whelan, said: “We’re over the moon and extremely proud to win the award for Best Dental Benefits Provider for the 7th year in a row. The fact that these awards are won thanks to the votes from intermediaries means a great deal to us, and we would like to thank everyone that voted again for us this year. It’s important that we don’t get complacent so we are always looking for fresh inspiration in order to continually develop new and innovative ways to enhance our services for the employee benefit market. We are also keen to continue our success in the future and achieve an eighth award so will continue to work hard to support our much valued intermediaries and clients throughout the year.”

## About Simplyhealth

Since 1872 – long before the existence of the NHS – we've been helping people to make the most of life, by managing their everyday health needs. We ensure 3.5 million people in the UK have access to health products, services and support they need, when they need them and at a price they can afford.

We're proud to be the leading provider of health cash plans, dental payment and pet health plans. Whereas once we were known purely for cash plans, we now offer a wide range of products and services to cater for peoples' everyday health needs – now and into the future.

Helping people make the most of life is our sole purpose and giving back is a huge part of that. In 2015 we were able to donate £1.6 million to charitable causes, touching the lives of nearly 825,000 people across the UK. Our future success and performance will enable us to deliver our ongoing pledge to donate 10% of our profits to charity each year.
